We are pleased to have been able to book again this terrific trio – a lively and irresistible meeting of Latin, Afri-Cuban and British influences woven together by driving dance rhythms and rich vocal harmonies. We had heard on good authority that they enjoy what they do, so it's great to have it confirmed by Sparsholt Village Hall:

'Mas y Mas were fantastic, 90% of the audience were up and dancing- everything went well and the performers enjoyed themselves as much as the audience. Strongly recommended!'

When they were performing here in Ampfield last February, several of regular supporters said it was **the best evening they had ever had in the Village Hall.**

We are expecting another sell out, so to avoid disappointment please book your tickets now.
