

AMPFIELD COUNTRYSIDE HERITAGE AREA

- MAKING THE MOST OF YOUR COUNTRYSIDE

AUTUMN HERITAGE TALK Monday 20th November 2017, 7.00pm Ampfield Village Hall

'Ampfield – from Mammoths to Memorials'
(A history of Ampfield from the Ice Age to 2nd World War)

**A free heritage talk by well-known local historian,
Liz Hallett**

Although to watch the warm, light evenings of summer fade away is not perhaps always the most welcome pastime, nevertheless as autumn approaches it brings with it the anticipation of a fresh set of enjoyable experiences. There is a nip in the air in the mornings, the delight of seeing the soft light of the afternoon reflect on the colour of the leaves and the prospects of cosy evenings, perhaps gathered together with old friends. And where better to start on the latter than to come to the Ampfield Countryside Heritage Area autumn talk!

Over the years, the Ampfield Countryside Heritage Area Group has produced an excellent and informative programme of talks aimed at encouraging a greater awareness and understanding of the history and heritage of this beautiful part of the Hampshire countryside. This year is certainly no exception. We are very lucky to be able to announce that Ampfield own talented historian, Liz Hallett, has agreed to come and share with us some of her favourite stories and pictures of the history of Ampfield and its people, taken from the Ampfield archives.

Those of you that know Liz will be very aware we are in for a treat. Apart from being a very accomplished historian, Liz is an entertaining and informative speaker with a wealth of fascinating anecdotes and a deep understanding of her subject. Preceding Liz's talk, there will be a short annual business meeting.

**Coffee and biscuits afterwards
ALL ARE INVITED**
